Foreword

The year 1849 was a big year in California. The discovery of gold brought many people to our state to obtain some of that treasure and make a financial success of themselves. Just 100 years later there was another rush. This time, however, it was not for gold but for learning. Rather than the discovery of gold, a school, San Pasqual Academy, was founded and many students came to secure something to make of themselves a success — like the early gold seekers.

Now, four years have passed. Many students have come and gone. Those first pioneers that came as Freshmen may not have become great millionaires but they have learned not to be satisfied with mediocre things. They are now graduating and going on to seek higher education.

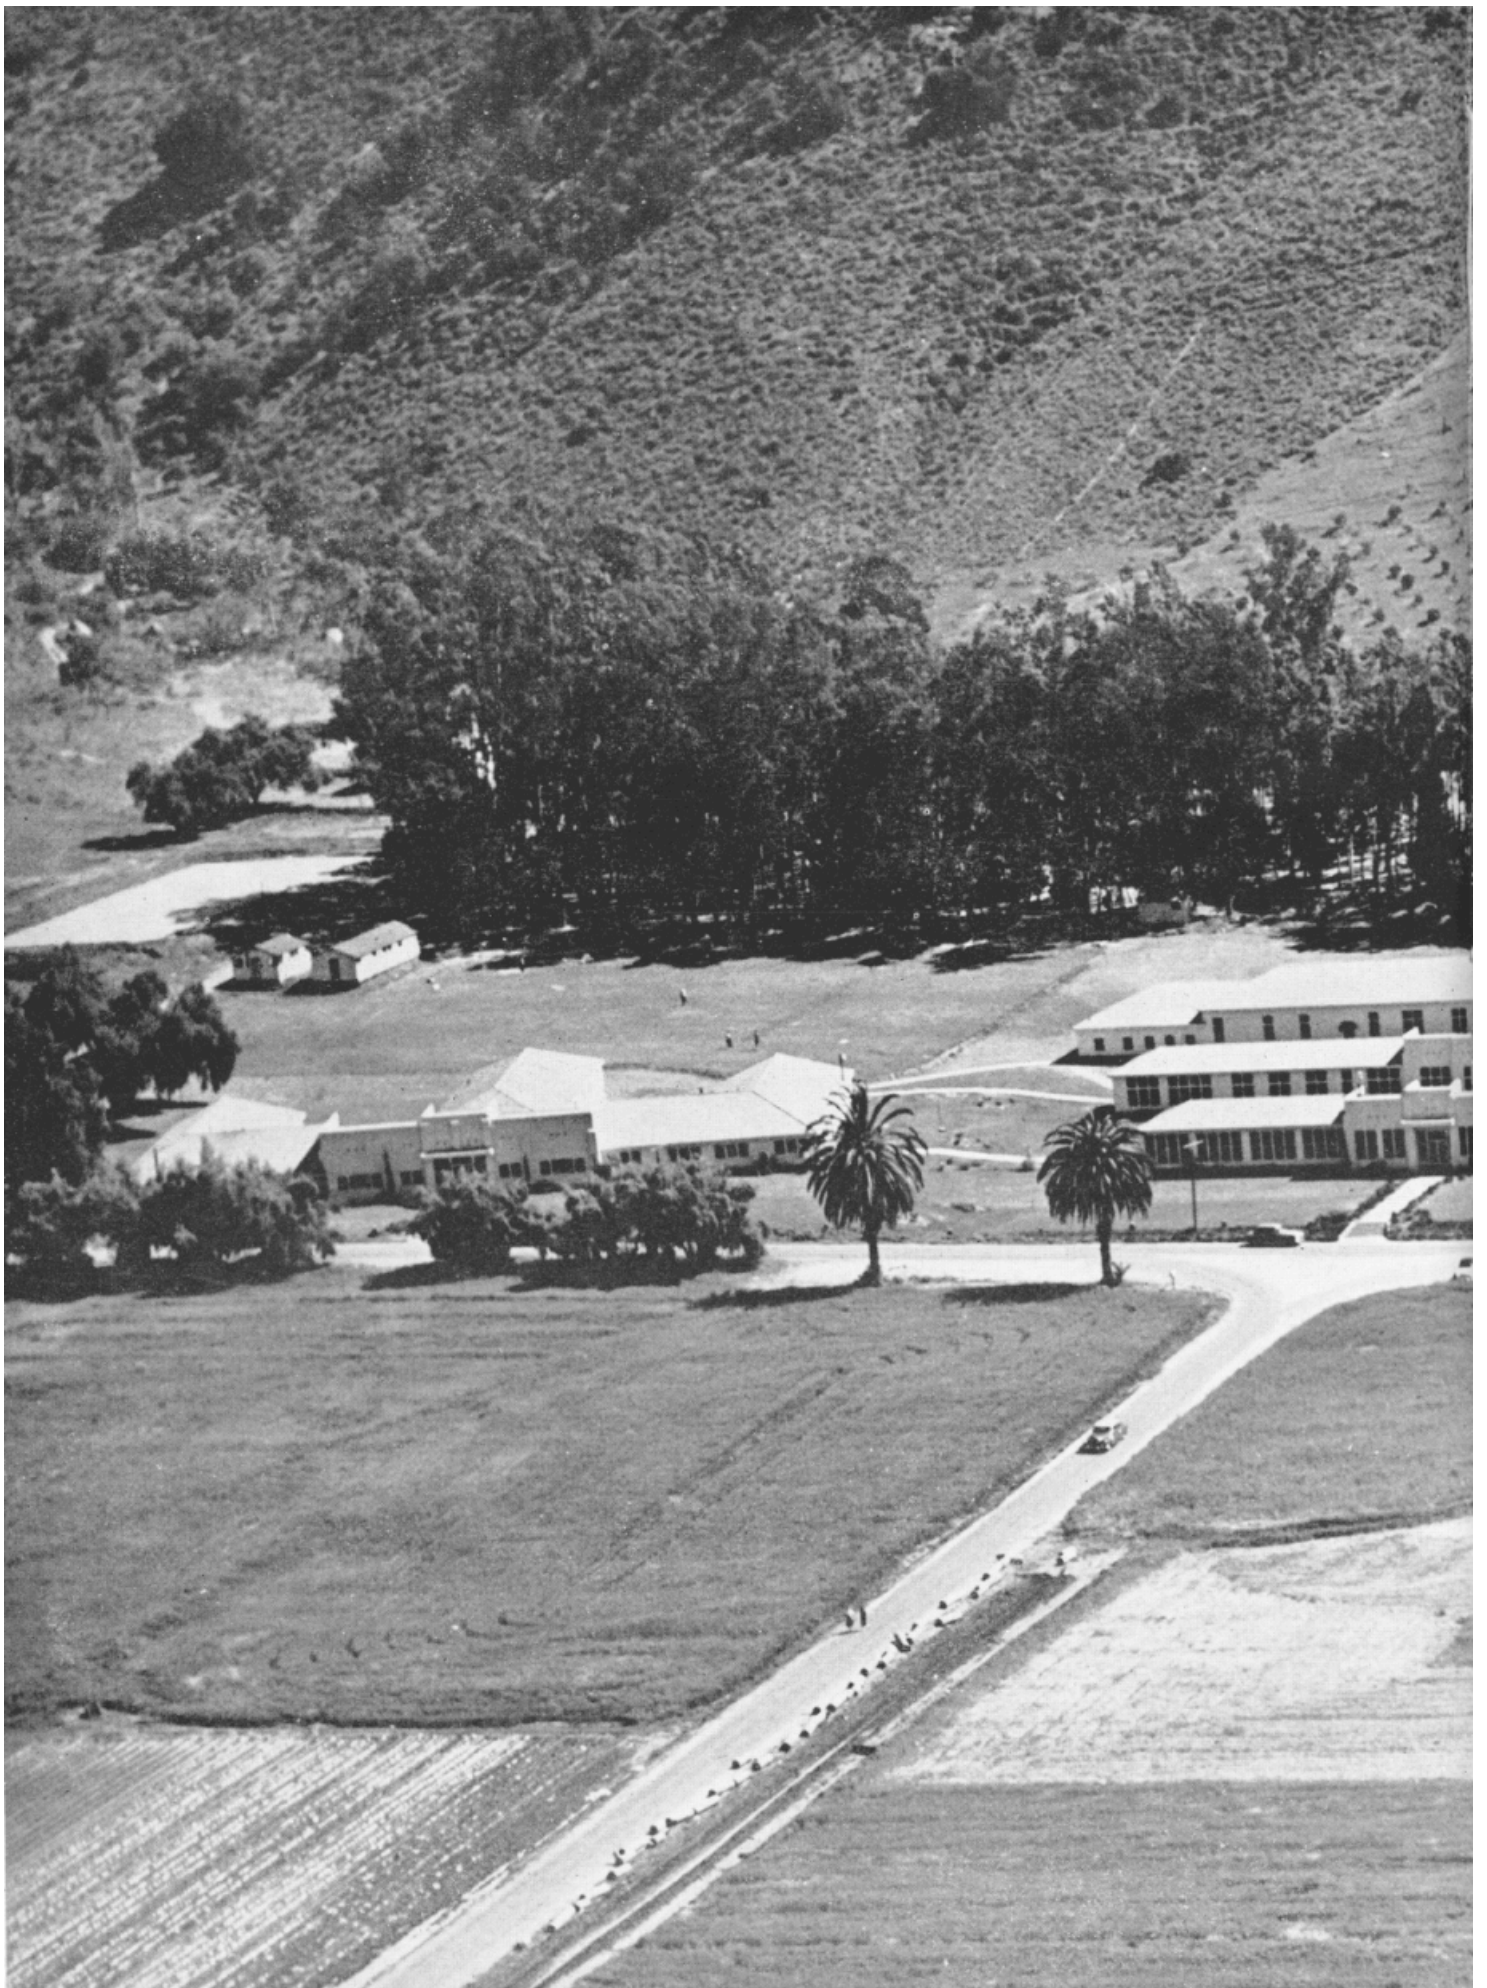

In these pages we have tried to give a glimpse of our well-rounded program, physical, social, spiritual, and at the same time give our fellow students a book by which to remember their friends, and experiences. We have included pictures of the buildings and scenes of the campus as well as pictures of the students in both formal and informal scenes. The "In Action" section pictures the officers of different clubs, campus groups, and entertainments. We also wish to remember our friends, the businessmen for they too, have helped make our school what it is.

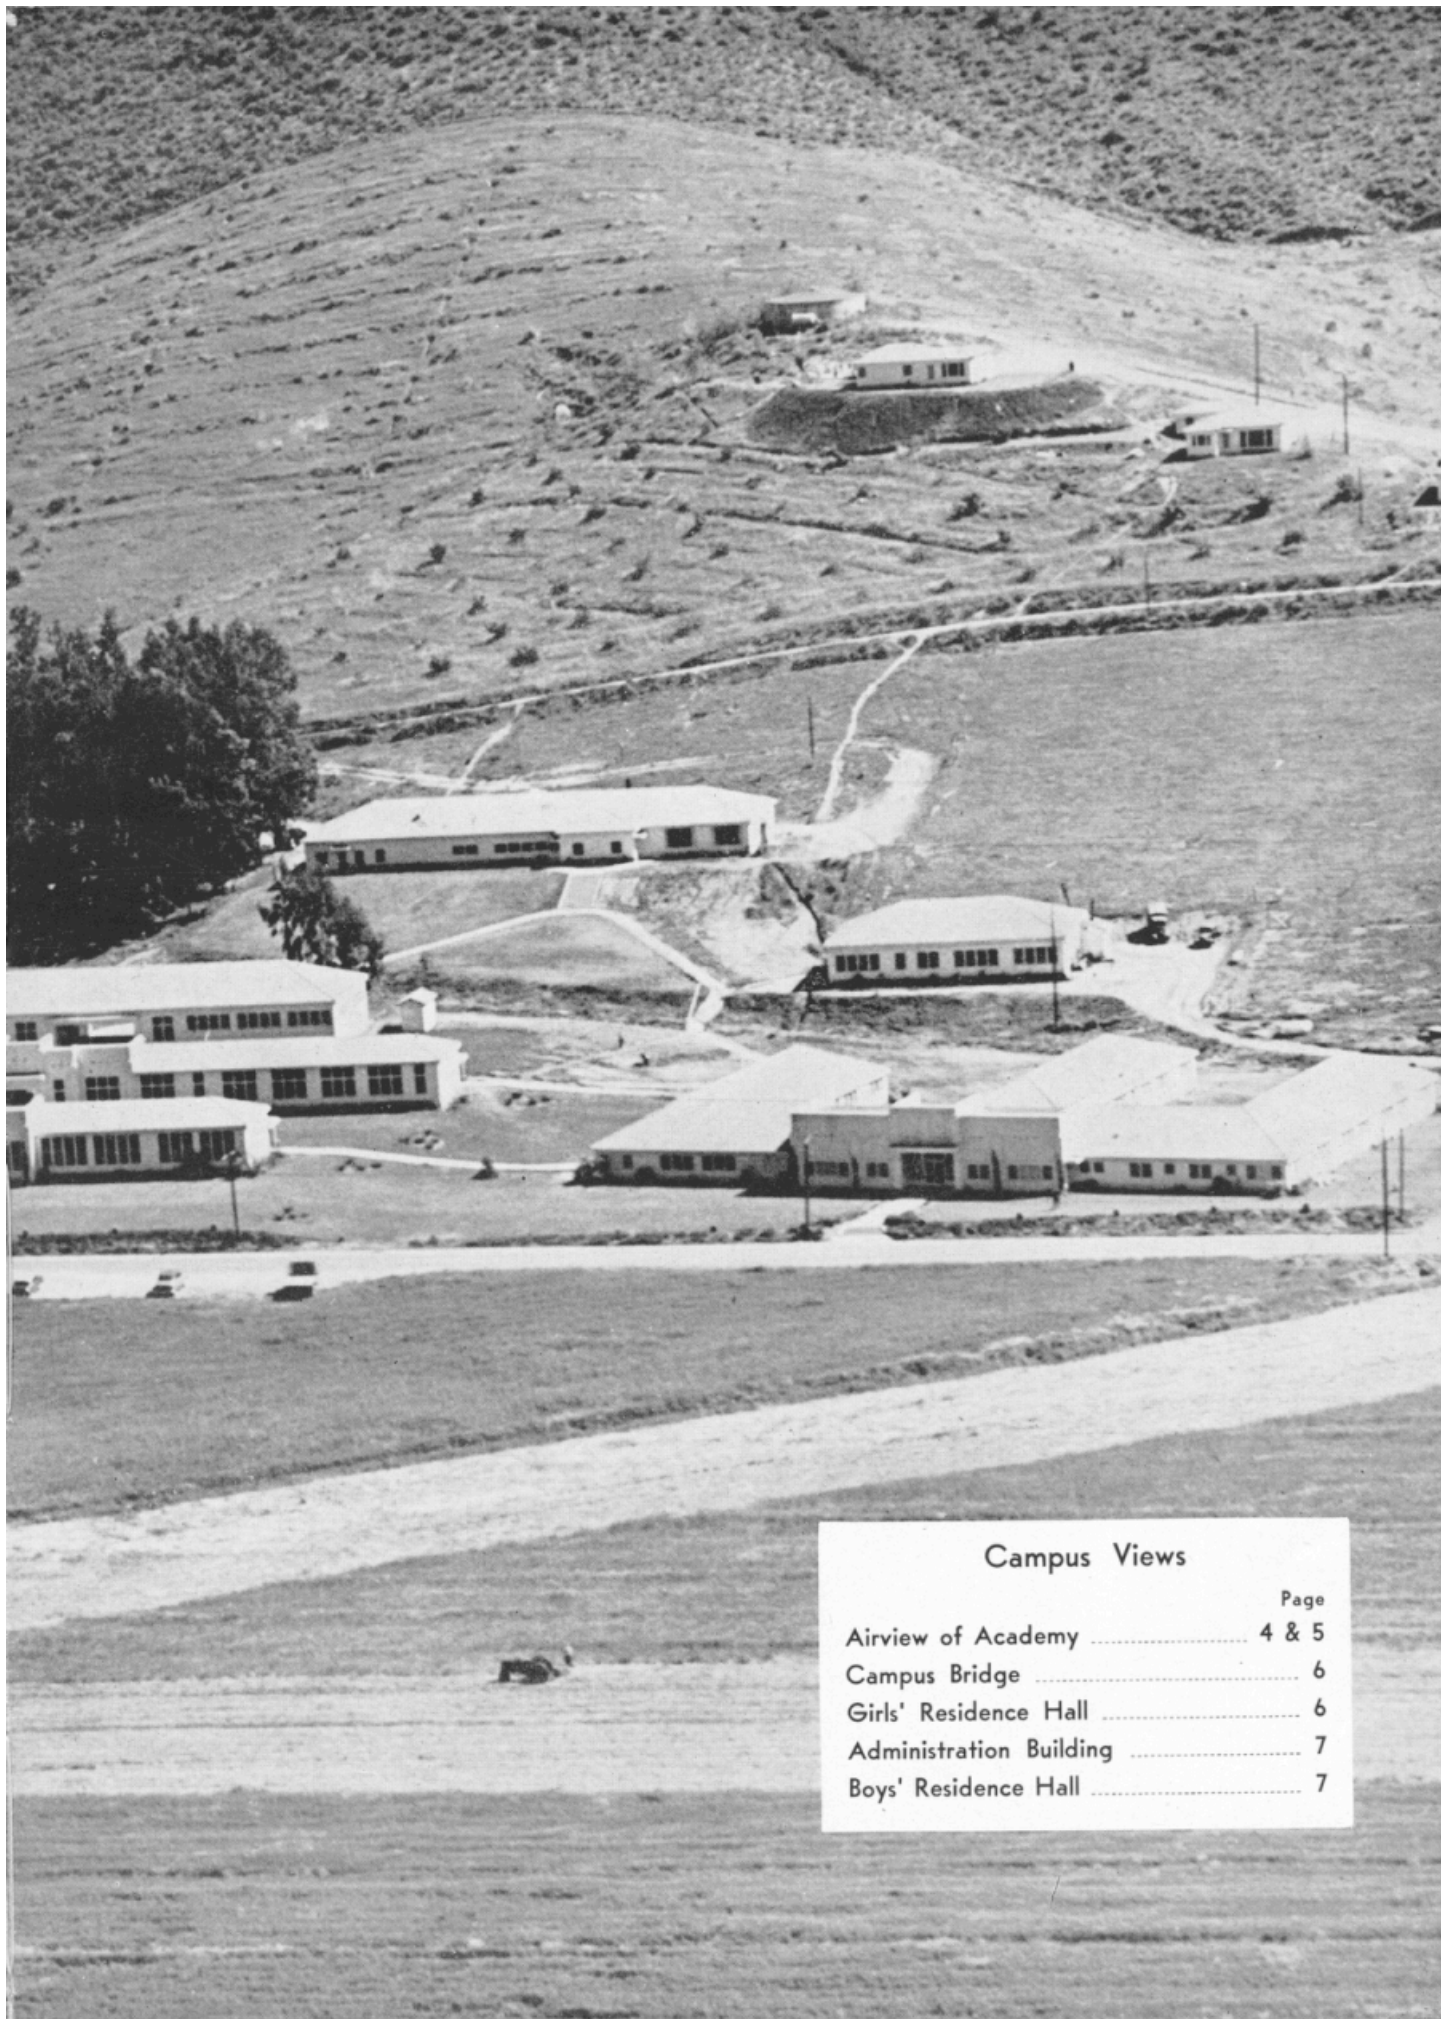

To our fellow classmen, may this bring you many laughs and memories. To our parents, may it give a glimpse of what your money, interest, and prayers have accomplished. To our many friends may it make the bond of friendship stronger.

"Teach us, good Lord, to serve Thee as Thou deservest: To give and not to count the cost; To fight and not to heed the wounds; To toil and not to seek for rest; To labor and not ask for any reward save that of knowing that we do Thy will." St. Ignatius Loyola, Prayer for Generosity.

DEDICATION

Ever since San Pasqual Academy became a reality out of the dreams of educators, many men and women have watched its progress and contributed their talents and influence toward its success. One alone remains on our campus of the teachers who welcomed and befriended that first group of students four eventful years ago.

A capable science teacher, a wise and progressive dairyman, an organizer and friend of young people, this pioneer in our valley has justly merited our regard.

. . . To Erman Stearns, whose consistent Christian life has been an inspiration to his colleagues and students alike, we affectionately dedicate this latest chronicle of events at the school he has helped create.

BOARD OF TRUSTEES

Back Row: G. T. Anderson, O. A. Hudson, N. F. Pease, F. L. Abbott, F. B. Jensen, W. E. Guthrie, J. F. Games.
Front Row: Dr. R. R. Giddings, K. F. Ambs, C. I. Chrisman, C. L. Bauer, H. H. Hicks, G. E. Smith, E. A. Schmidt, A. C. Nelson.

H. H. Hicks, Board Chairman

A Message From the Chairman of the Board

The school year 1952 and 1953 is practically finished, its records written not only on the books of San Pasqual Academy but on the great record books of Heaven. I trust that it has been a good year for every student, that your knowledge has been materially increased and that you have grown in grace and in the knowledge of the things of God.

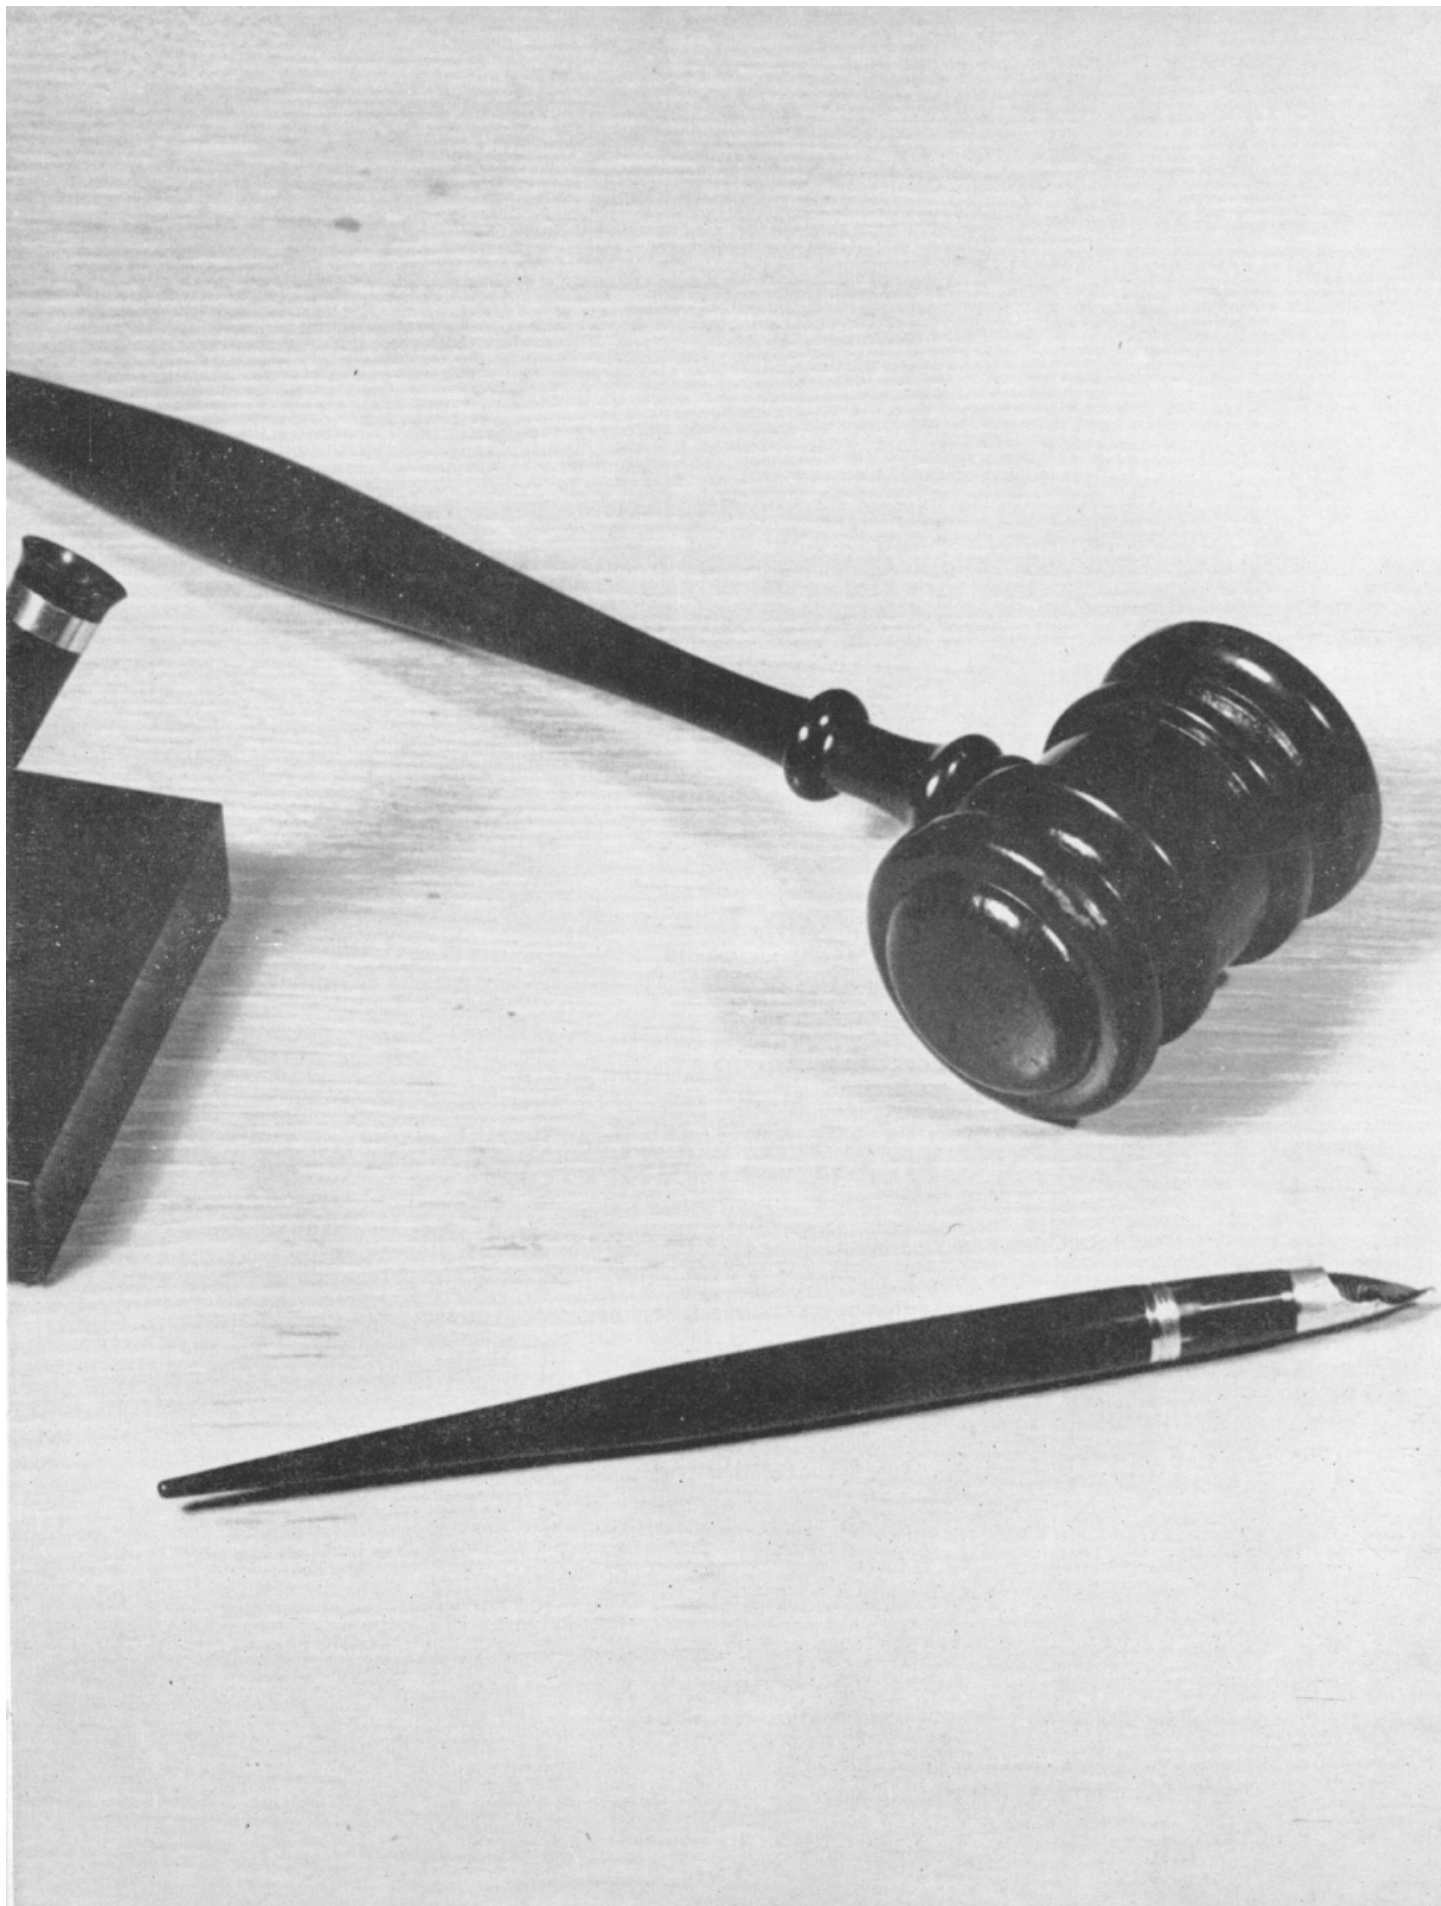

We are deeply grateful to the Lord for His blessings, for the fine spirit that has prevailed in the school, for the many improvements that have been made, and we look forward to the coming school year with confidence. We believe that it will be a better year in every way. We expect a larger enrollment and we expect to make some material improvements in the present plant. A splendid faculty has been arranged for. It is the purpose of the school board and the faculty to make San Pasqual Academy the type of school the Lord would have. We are entering upon troubled times and the road ahead is dark and uncertain, but for the Christian youth there need be no fear. God has a place for all in His service and kingdom. Prepare well for your life work and allow Him to lead you into His service.

H. H. HICKS

BEHIND THE DESK

"Incline thine ear unto wisdom; search for her as for hid treasures."

PRINCIPAL'S MESSAGE

Another successful year at San Pasqual Academy is nearing a close. It was only four years ago that this school welcomed its first students. The last of those students are graduating this year. Since that first memorable day in September 1949 the school has steadily grown. We need to pause and count the many blessings God has bestowed upon us. We can certainly give thanks for the growth and development of the physical plant. We can also be justly proud of the scholastic attainment of many of our students.

I would ask the Seniors this question, "Have you grown spiritually as well as mentally and physically?" You are going on to greater things. You have nothing to fear for the future except as you forget how God has led in the past. Build solid characters that will stand the storms of life and open the gates of heaven as a reward. We bid you "farewell."

Now let us turn with a hope to the future. There are new heights to surmount, greater blessings to gain. I extend a welcome to the new students that are coming to San Pasqual Academy and a hearty welcome to those students that will be returning. You have chosen an excellent school. There are new and pleasant experiences in store for all of you.

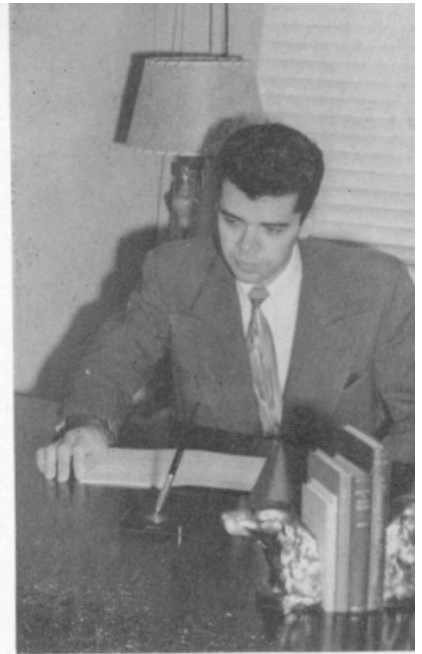

WE'LL SEE YOU NEXT SEPTEMBER!!
